Contents

1. Aims of the “Horizontal Activities ” Document
2. JOPRAD Task 3.4
3. Methodology and Roadmap
4. Vision
5. Horizontal Activity areas
6. Actors commitment / participation
7. Way ahead

Aims of Horizontal Activities Document

- The “**Horizontal Activities Document**” complements the “Programme Document”.
- It gives the rational, background and implementation structure for an “Integrated Knowledge Management System”
- The key outcomes are integrated in the Programme Documents, including the Strategic Implementation Agenda.
- It considers the input from Civil Society and the needs of Member States with Less Advanced Programmes

JOPRAD Task 3.4

Task 3.4 Leader: EC-JRC

Supported by all JOPRAD partners throughout review and refinement.

This project has received funding from the Euratom research and training programme 2014-2018 under grant agreement n° 653951

16th November 2017

Methodology and Roadmap

First draft end of 2015

Review by all JOPRAD members,

Questionnaire to potential mandated Actors,

Presentation at JOPRAD Regional Meeting (3-4 February 2016) – Comments

Next draft 15 March 2016

Presented at JOPRAD Mid-Term Workshop (6-7 September 2016)

Preliminary Deliverable / next draft

Presentation at JOPRAD Workshop (4 April 2017) – Feedback

Introduction of developments within establishing call response for RWMD-EJP

Harmonization with final Programme Document

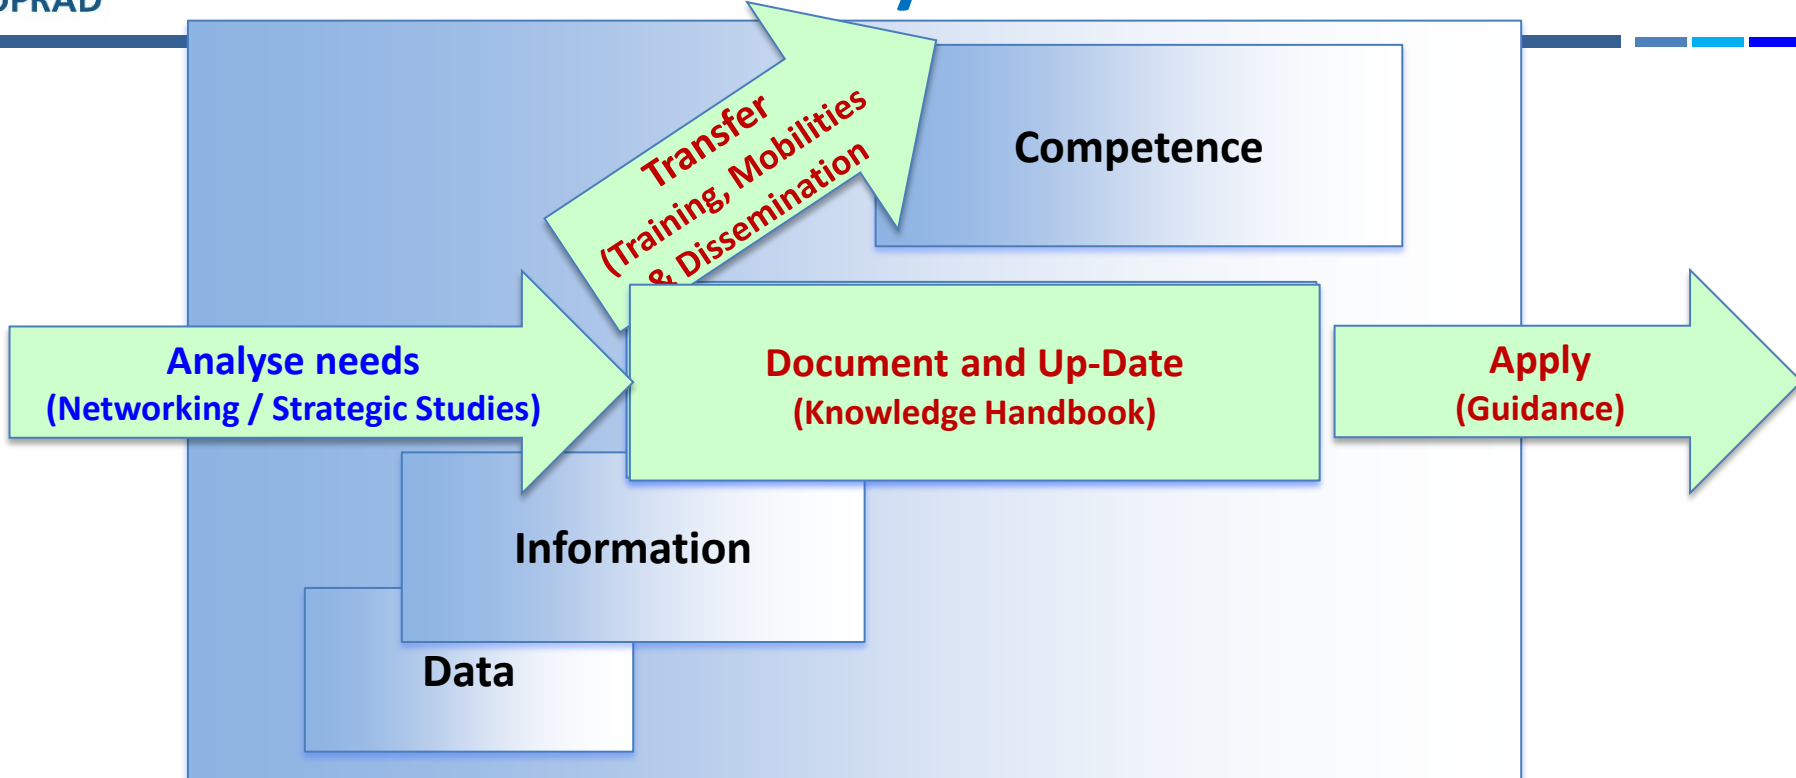

Final Deliverable: End of November 2017

Contents

1. Aims of the “Horizontal Activities ” Document
2. JOPRAD Task 3.4
3. Methodology and Roadmap
4. Vision

An Integrated Knowledge Management System is established and implemented on a **European level** enabling present and future waste management programmes and generations to **benefit from the Knowledge** generated through past, on-going and future RD&D programmes and associated activities.
